INDEPENDENT AUDITOR'S REPORT

To the Township Supervisor and Members of the Grafton Township Board Huntley, Illinois

Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, and each major fund of Grafton Township, Illinois, as of and for the year ended March 31, 2023, and the related notes to the financial statements, which collectively comprise Grafton Township, Illinois basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, and each major fund of Grafton Township, Illinois, as of March 31, 2023, and the respective changes in modified cash basis financial position, and where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Grafton Township, Illinois, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the

financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the Grafton Township, Illinois internal
 control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Grafton Township, Illinois ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the management's discussion and analysis, budgetary comparison information and pension schedules, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

OTHER INFORMATION MANAGEMENT DISCUSSION AND ANALYSIS - UNAUDITED

Management's Discussion and Analysis - Unaudited Year Ended March 31, 2023

As management of Grafton Township (Township), we offer readers of the Township's statements this narrative overview and analysis of the financial activities of the Township for the fiscal year ended March 31, 2023. The Management of the Township encourages the readers of this financial information presented in conjunction with the financial statements to obtain a better understanding of the Township's financial operations.

FINANCIAL HIGHLIGHTS

- The assets of the Township exceeded its liabilities at March 31, 2023 by \$5,901,715 (net position). Of this amount, \$1650,454 (unrestricted net position) may be used to meet the Township's ongoing obligations to citizens and creditors.
- The Township's total net position increased by \$143,337.
- At March 31, 2023, the Township's governmental funds reported combined ending fund balances of \$2,571,086, a decrease of \$421,167 from the prior year.
- At March 31, 2023, the fund balance for the Town Fund was \$1,682,733.
- The Township's total net capital assets increased by \$564,504 during the year ended March 31,

2023. OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the Township's basic financial statements. The Township's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the basic financial statements, this report also contains other information (OI) and additional information for analysis.

Government-wide financial statements

The government-wide financial statements are prepared using the modified cash basis of accounting and are designed to provide readers with a broad overview of the Township's finances, in a manner similar to private-sector businesses.

The statement of net position presents financial information on all of the Township's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Township is improving or deteriorating.

The statement of activities presents information showing how the Township's net position changed during the most recent fiscal year.

Both of the government-wide financial statements distinguish functions of the Township that are principally supported by property taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover a portion of the costs through user fees and charges.

Management's Discussion and Analysis - Unaudited Year Ended March 31, 2023

OVERVIEW OF THE FINANCIAL STATEMENTS (CONCLUDED)

The governmental activities of the Township include general government, services for youth and family, seniors, general assistance and mental health, and road and bridge projects.

Fund financial statements

All of the funds of the Township are governmental funds. The fund financial statements are prepared using the modified cash basis of accounting. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. The fund financial statements report the Township's operations in more detail than the government-wide statements by providing information about the Township's three funds.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and government-wide activities.

Notes to the financial statements

Notes to the financial statements provide additional information that is essential to a full understanding of the information provided in the basic financial statements.

Other Information

In addition to the basic financial statements and the accompanying notes, this report also presents certain other information concerning Grafton Township's progress in funding its obligation to provide pension benefits to its employees. Additionally, other information regarding a statement of revenues, expenditures, and changes in fund balance - budget vs. actual for each major fund is presented in this section. The Township adopts an annual budget for all funds. A budgetary comparison statement has been provided for the Town Fund and other governmental funds to demonstrate compliance with the budget.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve, over time, as a useful indicator of a government's financial position. In the case of Grafton Township, assets exceeded liabilities by \$5,901,715 for the year ended March 31, 2023. A portion of the Township's net position reflects its investment in capital assets; \$3,330,629. The Township uses these capital assets to provide services, and consequently these assets are not available to liquidate liabilities or for other spending. The remaining net position balance is \$2,571,086, of which \$920,632 is restricted, and \$1,650,454 is unrestricted.

Management's Discussion and Analysis - Unaudited Year Ended March 31, 2023

Unrestricted	 1,509,521	1,650,454
Total Net Position	\$ 5,758,378	\$ 5,901,715

An additional portion of the Township's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$1,650,454) may be used to meet the Township's ongoing obligations to citizens and creditors.

At March 31, 2023, the Township is able to report positive balances in all three categories of net position. The Township's net position increased by \$143,337 in comparison with the prior year.

FINANCIAL ANALYSIS OF THE TOWNSHIP'S FUNDS

As noted earlier, the township uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the Township's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Township's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Township's net resources available for spending at the end of the fiscal year. At March 31, 2023, the Township's governmental funds reported combined ending fund balances of \$2,571,086 a decrease of \$421,167 in comparison with the prior year.

The Town Fund is the main operating fund of the Township. At March 31, 2023, the fund balance of the Town Fund was \$1,682,733. This represents an increase of \$144,979 compared to the prior fiscal year.

Town Fund Budgetary Highlights

Expenditures in the General Town Fund of \$678,489 were under revenues by \$144,979 and were \$1,342,023, less than the appropriation of \$2,037,423.

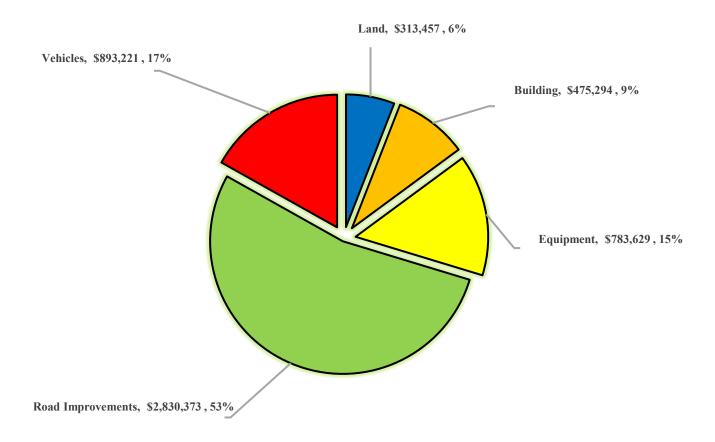

CAPITAL ASSETS

The Township's capital assets for its governmental activities as of March 31, 2023 amount to \$3,330,629 (net of accumulated depreciation). This investment in capital assets includes land, roads and improvements, buildings and improvements, vehicles, and other equipment. Major capital asset events during the current fiscal year included the following:

	Balance			Balance
Capital Assets	April 1, 2022	<u>Increases</u>	<u>Decreases</u>	March 31, 2023
Land	\$ 313,457	\$ -	\$ -	\$ 313,457
Buildings	475,294	-	-	475,294
Equipment	732,421	51,208	-	783,629

Capital Assets (Net)	\$ 2,766,125	\$564,504	\$ -	\$ 3,330,629

Management's Discussion and Analysis - Unaudited Year Ended March 31, 2023

CAPITAL ASSETS, AT COST

Management's Discussion and Analysis - Unaudited Year Ended March 31, 2023

ECONOMIC FACTORS AND PROPERTY TAXES

The equalized assessed valuation (EAV) of the Township for 2022 is \$1,873,901,366. That represents an increase in EAV of \$135,385,639 over the prior year's EAV. Taxes recorded in these financial statements are from the 2022 levy. A summary of the assessed valuations and extensions for tax years 2022, 2021 and 2020 is as follows:

Property Tax Extensions

Description of Current or Expected Conditions

Currently, management is not aware of any other significant changes in conditions that could have a significant effect on the financial position or results of activities of the Township in the near future. However, management continues to monitor items that may impact future receipts, especially noting a potential decline in state funds as well as losses due to the tax cap.

Requests for Information

This financial report is designed to provide a general overview of the Township's finances for all those with an interest in its finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Supervisor, Grafton Township, 10109 Vine Street, Huntley, Illinois 60142.

NOTES TO THE BASIC FINANCIAL STATEMENTS

Notes to the Basic Financial Statements Year Ended March 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Grafton Township ("Township") are prepared in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). The Township follows all Governmental Accounting Standards Board (GASB) pronouncements and pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 that do not conflict with or contradict GASB pronouncements; to the extent they are applicable to the modified cash basis of accounting. The more significant accounting policies used by the Township are discussed below. In June 1999, the GASB issued Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. Certain significant changes in the Statement include the following:

- A Management's Discussion and Analysis (MD&A) section providing an analysis of the Township's overall financial position and results of operations.
- Financial statements prepared using modified cash basis accounting for all of the Township's activities.
- A change in the fund financial statements to focus on the major funds. These and other changes are reflected in the accompanying financial statements (including notes to financial statements).

REPORTING ENTITY -

The Township is located in the Village of Huntley, Illinois and is governed by a board. The Township is primarily funded through a tax levy, intergovernmental receipts, operating grants, fines and fees, and charitable donations. Revenue is used to operate and staff the Township. The accompanying general purpose financial statements have been prepared in accordance with criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be included in the reporting entity. Based on the significance of any operational or financial relationships with the Township, there are no component units to be included in these financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION –

The Township's basic financial statements include both government-wide (reporting the Township as a whole) and fund financial statements (reporting the Township's major funds).

GOVERNMENT-WIDE FINANCIAL STATEMENTS -

The government-wide financial statements (i.e., the statement of net position and the statement of activities) are reported using the modified cash basis of accounting. Revenue is recorded when received and expenses are recorded when paid. Property taxes are recognized as revenue in the year received.

Notes to the Basic Financial Statements Year Ended March 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The statement of net position includes and recognizes all long-term assets and long-term debt and obligations. The Township's net position is reported in three parts – net investment in capital assets, restricted net position; and unrestricted net position. Interfund activity is eliminated, as all fund activities are combined in the statement of net position.

The statement of activities demonstrates the degree to which the direct expense of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenue includes (1) charges to Township patrons who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meet the operational or capital requirements of a particular function or segment. Taxes and other items are not properly included among program revenues, and are reported as general revenue.

Governmental fund financial statements are reported using the modified cash basis of accounting. Revenue is recognized as soon as it is received. Expenditures generally are recorded when paid, as under cash basis accounting. Debt service expenditures, as well as expenditures related to compensated absences, claims and judgments, are recorded only when payment is due. The primary sources of revenue are property taxes, state-shared revenue, and interest associated with the current fiscal period. All are considered to be susceptible to cash and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be available only when cash is received by the Township.

THE TOWNSHIP REPORTS ALL THE FUNDS AS MAJOR GOVERNMENTAL FUNDS -

The Town Fund is the Township's primary operating fund. It accounts for all financial resources of the Township, except those required to be accounted for in another fund, while the Township Road & Bridge Fund accounts for the resources associated with taxes levied specifically for the maintenance of the Township's road and bridges. General Assistance funds are administered by the Township Supervisor in accordance with the policies of the Township.

FINANCIAL STATEMENT AMOUNTS -

Bank Deposits and Investments - The Township has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value. The Township maintains a cash and investment pool which is available for use by the General and Special Revenue Funds.

Notes to the Basic Financial Statements Year Ended March 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Township's investment policies are governed by state statutes. All funds are deposited in federally insured banks and savings and loans institutions. The cash and investments reflected in the combined balance sheet consist of demand accounts.

Receivables and Payables - In general, outstanding balances between funds are reported as "due to/from other funds" and are expected to be repaid within one year. Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds." Interfund balances are used to finance operations in the respective fund that holds the "due to" or "advances from" account.

CAPITAL ASSETS -

Capital assets are defined by the Township as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at acquisition value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Building and improvements 20-50 years

Equipment, furniture, and fixtures 5-20 years

Compensated Absences (Vacation and Sick Leave) - It is the Township's policy to permit employees to accumulate earned but unused sick and vacation pay benefits. There is no liability for unpaid accumulated sick leave since the Township does not have a policy to pay any amounts when employees separate from service with the Township. A liability for unused vacation pay benefit is reported in the governmental fund - General Fund only for employee terminations as of year-end.

LONG-TERM OBLIGATIONS -

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position.

The Township has a pension plan covering substantially all the full-time employees. Employees are covered by the Illinois Municipal Retirement Fund.

Notes to the Basic Financial Statements Year Ended March 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND BALANCE CLASSIFICATION -

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy and is based primarily on the extent to which the Township is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

NONSPENDABLE -

This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The Township has not classified any items as being Nonspendable.

RESTRICTED -

This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the revenue note and are restricted through debt covenants. Infrastructure Projects are restricted by State Statute and County laws and are legally segregated for funding of infrastructure improvements.

COMMITTED -

This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Township Board. These amounts cannot be used for any other purpose unless the Township Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Township did not have any committed resources as of March 31, 2023.

ASSIGNED -

This classification includes amounts that are constrained by the Township's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Township Board or through the Township Board delegating this responsibility to the Township Supervisor through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the Town Fund.

Notes to the Basic Financial Statements Year Ended March 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

UNASSIGNED -

This classification includes the residual fund balance for the General Fund and the amount established for Minimum Funding which represents the portion of the General Fund balance that has been established by the board to be used for debt service or in emergency situations. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

The Township would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

PROPERTY TAX CALENDAR -

The Township's property tax is levied each calendar year on all taxable real estate property located in the Township's district on or before the last Tuesday in December. The 2022 Town levy was passed by the board on November 21, 2022 and the Road levy was passed by the board on November 21, 2022. Property taxes attach as an enforceable lien on property as of January 1 of the calendar year they are for and are payable in two installments early in June and early in September of the following calendar year. The Township receives significant distributions of tax receipts approximately one month after these dates.

NOTE 2 - CASH AND INVESTMENTS

The Township's investment policies are governed by state statutes whereby Township money must be deposited in FDIC insured banks located within the state. Permissible investments include demand accounts and certificates of deposits.

At March 31, 2023, the carrying amount of the Township's deposits totaled \$2,571,086 and the bank balances totaled \$2,662,485. All cash is short-term in nature and is stated at cost, which approximates market value.

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from interest rates, the Township's cash was invested in bank demand accounts.

Credit Risk. Statutes authorized the Township to invest in obligations of the U.S. Treasury and U.S. Agencies' accounts and any other investments constituting direct obligations of any bank as defined by the Illinois Bank Act, certain short-term commercial paper, accounts of federally insured savings and

Notes to the Basic Financial Statements Year Ended March 31, 2023

NOTE 2 – CASH AND INVESTMENTS (CONCLUDED)

loans, and the state treasurers' investment pool. During fiscal year ended March 31, 2023, the Township invested its cash in bank demand accounts.

Custodial Credit Risk. Custodial credit risk is the risk that in the event of a bank failure, the Township will not be able to recover the value of its deposits or collateral securities. Of the Township's cash, \$250,000 is FDIC insured and \$2,412,485 is collateralized in the bank's trust department, not in the name of the Township.

NOTE 3 – ILLINOIS MUNICIPAL RETIREMENT

IMRF PLAN DESCRIPTION

The Township's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Township's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

BENEFITS PROVIDED

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final

Notes to the Basic Financial Statements Year Ended March 31, 2023

NOTE 3 – ILLINOIS MUNICIPAL RETIREMENT (CONTINUED)

rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

TA ADE

EMPLOYEES COVERED BY BENEFIT TERMS

As of December 31, 2022, the following employees were covered by the benefit terms:

	IMKF
Retirees and Beneficiaries currently receiving benefits	9
Inactive Plan Members entitled to but no yet receiving benefits	16
Active Plan Member	10
Total	35

CONTRIBUTIONS

As set by statute, the Township's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Township's annual contribution rate for calendar year 2022 was 8.16%. For the fiscal year ended March 31, 2022, the Township contributed \$40,821 to the plan. The Township also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Notes to the Basic Financial Statements Year Ended March 31, 2023

NOTE 3 – ILLINOIS MUNICIPAL RETIREMENT (CONTINUED)

NET PENSION LIABILITY

The Township's net pension liability was measured as of December 31, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

ACTUARIAL ASSUMPTIONS

The following are the methods and assumptions used to determine total pension liability at December 31, 2022:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.25%.
- **Salary Increases** were expected to be 2.85% to 13.75%, including inflation.
- The **Investment Rate of Return** was assumed to be 7.25%.
- Projected Retirement Age was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2020 valuation according to an experience study from years 2017 to 2019.
- For non-disabled retirees the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020.
- For **Disabled Retirees**, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.
- For **Active Members**, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both adjusted) tables, and future mortality improvements projected using scale MP-2020.
- The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2022:

Notes to the Basic Financial Statements Year Ended March 31, 2023

		Long-Term
	Portfolio	Expected
	Target	Real Rate
Asset Class	Percentage	of Return
Domestic Equity	35.5%	6.50%
International Equity	18.0%	7.60%
Fixed Income	25.5%	4.90%
Real Estate	10.5%	6.20%
Alternative Investments	9.5%	6.25 - 9.90%
Cash Equivalents	1.0%	4.00%
Total	100.00%	

SINGLE DISCOUNT RATE

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 4.05%, and the resulting single discount rate is 7.25%.

Notes to the Basic Financial Statements Year Ended March 31, 2023

SENSITIVITY OF THE NET PENSION LIABILITY TO CHANGES IN THE DISCOUNT RATE

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

Sensitivity of Net Pension Liability/(Asset) to the Single discount rate Assumption

			Cu	rrent Single		
	1%	Decrease	Dis	scount Rate	1%	6 Increase
		6.25%	Assu	mption 7.25%		8.25%
Total Pension Liability	\$	3,268,368	\$	2,948,441	\$	2,714,804

Notes to the Basic Financial Statements Year Ended March 31, 2023

NOTE 3 – ILLINOIS MUNICIPAL RETIREMENT (CONTINUED)

<u>Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions</u>

For the year ended March 31, 2023, the township recognized pension expense of \$18,088. At March 31, 2023, the Township reported deferred outflows or resources and deferred inflows of resources related to pensions from the following source:

Deferred Amounts Related to Pensions Deferred Amounts to be Recognized in Pension Expense in Future Periods	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual	\$ 10,340	\$ 46,300
Changes of assumptions	-	-
Net difference between projected and actual earnings on pension plan investments	208,152	
Total Deferred Amounts to be recognized in pension expense in future periods Pension Contributions made susequent	218,492	46,300
to the Measurement Date	25,246	
Total Deferred Amounts Related to Pensions	\$ 243,738	\$ 46,300

Pension contribution made subsequent to the measurement dates will be recognized as a reduction of the net pension liability in the following fiscal year. Amounts reported as net deferred outflows (inflows) of resources related to pensions would have been recognized in pension expense in future periods as follows:

Year Ending	Net	t Deferred Outflows
March 31		of Resources
2024	\$	(29,699)
2025		15,798
2026		67,189
2027		118,904
2028		-
Thereafter		-
Total	\$	172,192

However, under the modified cash basis, the net pension liability, pension income, deferred outflows of resources and deferred inflows of resources are not reported.

Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2022 Contribution Rate *

Valuation Date:

December 31, 2022 Actuarially determined contribution rates are calculated as of December 31

Notes each year, which are 12 months prior contributions are reported.

Methods and Assumptions Used to Determine 2022 Contribution Rates:

Actuarial Cost Method Aggregate Entry Age Normal
Amortization Method Level Percentage of Payroll, Closed

Remaining Amortization Non-Taxing bodies: 10-year rolling period.

Period Taxing bodies (Regular, SLEP and ECO groups): 21-year closed period.

Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the

Employer upon adoption of ERI.

SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 16 years for most employers (five employers were financed over 17 years; one employer was financed over 18 years; two employers were financed over 19 years; one employer was financed over 20 years; three employers were financed over 25 years; four employers were financed over 26 years and one employer

was financed over 27 years).

Asset Valuation Method 5-Year smoothed market; 20% corridor

Wage growth 2.75% Price Inflation 2.25%

Salary Increases 2.85% to 13.75% including inflation

Investment Rate of Return 7.25%

Retirement Age Experience-based table of rates that are specific to the type of eligibility

condition. Last updated for the 2020 valuation pursuant to an experience study

of the period 2017-2019.

Mortality For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median

income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements

projected using scale MP-2020.

There were no benefit changes during the year

NOTES TO OTHER INFORMATION

Notes to Other Information Year Ended March 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Township prepares its budget on the modified cash basis of accounting.

Under the modified cash basis of accounting, revenues are recorded when received in cash and expenditures are recorded when the cash is disbursed. General capital asset acquisitions are reported as expenditures in the governmental funds. Proceeds from general long-term debt and acquisitions under capital leases are reported as other financing sources. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Modified cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Budgets are adopted at the function level in the General Fund and total General Fund expenditures disbursed may not legally exceed the budgeted amount. Appropriations lapse at year end unless specifically carried over. There were no carryovers to the following year.

The Township procedures in establishing the budgetary data reflected in the General Fund Financial Statements is presented below:

- Prior to June 23rd the Township Board receives a proposed operating budget (appropriation ordinance) for the fiscal year commencing on proceeding April 1st. The operating budget includes proposed expenditures and the means of financing them.
- A public hearing is conducted at a public meeting to obtain taxpayers comments.
- The budget is legally enacted through passage of an ordinance prior to June 30th.
- The Township Treasurer, in conjunction with the Board, is authorized to expend the unexpensed balance of any item or items of any general appropriation in making up any deficiency in any item or items of the same general appropriation.
- The original budget was amended during the fiscal year on February 23, 2023.
- Formal budgetary integration is not employed as a management control device during the year for any fund.
- Budgetary comparisons presented in the accompanying financial statements are prepared on the modified cash basis of accounting, which is comprehensive basis of accounting other than generally accepted accounting principles. All funds utilize the same basis of accounting for both budgetary

Notes to Other Information Year Ended March 31, 2023

purposes and actual results.

- Expenditures cannot legally exceed appropriations at the fund level.
- All appropriations lapse at year-end.
- The budget for Town Fund and Road & Bridge Fund were adopted on May 13, 2022 and the Road & Bridge was amended on February 23, 2023.

The budget represents departmental appropriations as authorized by the Township's appropriation ordinance and includes revisions authorized by the Township Board to reflect changes in departmental programs. At March 31, 2023, unexpended appropriations of the budgetary funds (general fund and special revenue funds) automatically lapse. The budget is prepared on the modified cash basis. The 2022-2023 appropriations ordinance was adopted May 13, 2022 and amended on February 23, 2023.

NOTE 2 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

No fund had expenditures that exceeded the appropriations.
