This comprehensive course is designed specifically for drivers 50 and above, but all drivers are welcome to participate. Participants learn how to operate their vehicles more safely in today's increasingly challenging driving environment, and they will also receive a thorough review of the "Rules of the Road," with an emphasis on safety strategies of defensive driving. Participants will also learn how to safely adjust their driving to compensate for age-related changes in vision, hearing, and reaction time.

Participants will receive a certificate of completion that, under Illinois law, entitles an age 55+ driver to a reduction in auto insurance premiums for three years. Please check with your insurance company for the exact discount and the correct procedure to obtain it.

This is a two-day course and participants must attend both classes in order to receive the Certificate of Completion. Available in a classroom setting, the course is open to A.A.R.P. members and non-members of all ages. There are no tests. All participants must pre-register. **To register for the class mail a check made out to AARP for \$20 (AARP members \$15) and send to Grafton Township 10109 Vine Street, Unit D, Huntley, IL 60142.** For more information, please contact the Township Office at 847-669-3328.
