

Important Assessment Notice Update

(Effective 2026)

Beginning in 2026, there will be an important change to how property assessment notices are delivered in McHenry County.

The Supervisor of Assessments will no longer mail assessment notices for properties that are only adjusted by the equalization factor.

What this means for you:

- These notices are still being created
- They are available online through the Tax Bill View lookup on the Treasurer's website:
 - mchenryil.devnetwedge.com
- Use the link on the right-hand side to view your "Property Assessment Notice"
- You can access them anytime once published

Notices WILL still be mailed for:

- Revaluations
- Farmland properties
- New properties

Stay in the loop—don't miss your notice.

Sign up for assessment alerts at: mchenrycountyil.gov/assessmentalerts

There, you'll find:

- Email/text notification signup
- A quick video on how to access your notice
- A direct link to DevNet Wedge
- Ongoing updates and helpful information

As always, our office is here to help. If you have questions or need assistance accessing your notice, please don't hesitate to reach out.
